#### CHAIRMAN'S INTERIM REVIEW

The results for the six months ended 31 December 2005 show profits before taxation of £4,810,877 (£4,343,603 after taxation) compared with a loss before taxation of £80,786 (£91,690 after taxation) for the six months ended 31 December 2004. Turnover for the six months ended 31 December 2005 arising from the Group's discontinued operations in the North Sea amounted to £1,118 as compared with £60,090 for the six months ended 31 December 2004.

For the six months ended 31 December 2005 the results include the surplus realised on the termination of the Group's overriding royalty interest relating to Licence P.241, North Sea amounting to £1,706,201. Also included in the profits for the period was the profit realised on the disposal of 40,000,000 Ordinary Shares of Sterling Energy plc ("Sterling") amounting to £3,189,999. No investments were sold in the corresponding period last year.

As set out in the Circular to Shareholders dated 25 November 2005, following the sale of the two Investments referred to above, the Company had cash funds available of approximately £9 million and the Directors were in a position to recommend return of capital to Shareholders, whilst retaining sufficient funds for the future growth of the Company. Following the Extraordinary General Meeting of the Company held on 22 December 2005 it was announced that all enabling resolutions as set out in the Circular were duly passed and accordingly Capital of the equivalent of 50p per Ordinary Share totalling approximately £7,500,000 would be returned to Shareholders. Shareholders would also receive one Consolidated Ordinary Share of 20p for every two Ordinary Shares of 10p each held. On 31 January 2006 a total of £5,836,679 was returned to shareholders and those shareholders not receiving full earlier payment will be forwarded return of capital on 1 May 2006, totalling £1,670,001.50.

On 19 January 2006 Westmount announced it had provided a £500,000 Convertible Loan to AIM quoted CDS Oil & Gas Group plc ("CDS") to be utilised solely towards the funding of its exploration programme in the Chaco Basin in North West Paraguay. Westmount has the option at any time prior to 29 December 2006 to elect to apply the Loan by subscribing for and paying up 5 million new ordinary shares of 1p in CDS at 10p per share and CDS will procure the issue to Westmount of warrants to subscribe for a further 5 million new ordinary shares of 1p each in CDS at 10p per share for a period of one year thereafter. In the event Westmount does not exercise its option or the Loan is not repaid on 29 December 2006, Westmount will apply the Loan by paying up and subscribing for on 29 December 2006, such number of new ordinary shares of 1p each in CDS as shall be found by dividing the aggregate amount of the Loan and accrued interest by the average price of an ordinary share of 1p each in CDS as traded on AIM for the previous 14 trading days, less 5% thereof.

On 22 December 2005, Westmount was pleased to announce the appointment of Paul Anderson as a director of the Company. Paul is an associate member of the Institute of Chartered Secretaries and Administrators, a trust manager of Bedell Group, Jersey, and has been involved with Westmount's business for over 9 years. On 17 January 2006, the Board announced that Ruegg & Co Limited, which specialises in the AIM and OFEX markets, had been appointed as Nominated Adviser and Broker to the Company.

The moves outlined above have been designed to assist in the further development of Westmount and the growth in value per share for the benefit of Shareholders.

Westmount's investments continue to perform well. Besides the recent investment in CDS these include, 30,000,000 shares of AIM quoted Sterling, 5,500,000 shares of AIM quoted Desire Petroleum plc and 244,000 shares of presently unquoted, Eclipse Energy Company Limited.

The 10p Ordinary Shares of Westmount Energy Limited commenced trading on AIM on 2 October 1995 at 15p. Following the Share Capital Re-organisation there are now 7,506,680 20p Ordinary Shares in issue traded on AIM held by approximately 1,500 shareholders. There are also Share Options outstanding over 750,000 20p Ordinary Shares, exercisable at a subscription price of 103.5p per share, over various periods, expiring 31 December 2012.
