Westmount Energy Limited - WTE Directorate Change
Released 07:00 11-Apr-2017

RNS Number : 1270C
Westmount Energy Limited
11 April 2017

Westmount Energy Limited ("Westmount" or the "Company")

Directorate Change

The Board of Westmount announces that after 10 years of service to the Company, Mervyn Bradlow, Director, has tendered his resignation and will step down from the Board with immediate effect. The Company is also pleased to announce the appointment of Dermot Corcoran to the Board of Westmount as Director with immediate effect.

Dermot Corcoran is a petroleum geologist and geophysicist, with more than 30 years' experience working with both major and minor hydrocarbon exploration companies globally. Dermot began his career with ExxonMobil and has previously held E&P roles at Petrofina S.A., Hess and Statoil. Latterly, he was Head of Exploration at Petroceltic International PLC, from May 2006 to April 2015. Dermot's background experience includes many technical and commercial aspects of petroleum exploration, production and new business development.

Gerard Walsh, Chairman, commented:

"The Board would like to thank Mervyn for his long period of service to Westmount and its Shareholders. He has been pivotal to the success of the Company during his tenure, and a valued member of the plc Board. We wish him all the best in his retirement.

We are pleased to welcome Dermot to the Board of Westmount, and he brings with him a wealth of experience of E&P companies across a broad range of geographies and levels of maturity. We anticipate that Dermot's background and skill set will substantially contribute to our strategy to reposition the company from an energy investment vehicle to a niche E&P player."

Mervyn Bradlow commented:

"I joined the Board of Westmount in May 2007 after the sad death earlier that year of the founder of our Company, Derek Williams, having been a friend and advisor to Derek for many years. On becoming Chairman shortly thereafter, we continued his policy of

realising the value of our investments and distributing the Capital profits to Shareholders. All in all we repaid 150p compared to the original placing price of 15p.

The Company, under the Chairmanship of Gerry Walsh and with the new appointment to the Board of Dermot Corcoran, is repositioning itself to facilitate direct investment in oil and gas exploration ventures and it is thus an appropriate time for me to retire from the Board. I wish the new Board, the Company and its Shareholders every success for the future."
